

39-year old Dartmouth man revived with Narcan after overdosing

On Saturday, January 28, 2017 at approximately 3:30 p.m., a thirty-nine year old Dartmouth man was revived with Narcan after suffering a suspected heroin overdose.

After the successful administration of Narcan, the male party was transported to St. Luke's Hospital for further medical evaluation and/or treatment.

Thus far in 2017, Dartmouth emergency personnel have responded to four overdoses in town.
