

Acushnet Fire Chief updates town on resident transported to the hospital for Covid-19 related medical issues

“VERY IMPORTANT UPDATE: Tuesday, April 21, 2020

I am very pleased to let Acushnet know that the resident we transported to the hospital last week for Covid-19 related medical issues has been released and is home resting comfortably!

“I visited with them today (from a distance) and expressed the happiness of the entire community. The resident was overwhelmed to learn of the support and concern expressed on their behalf. The fear seen last week in their eyes was replaced with joy.

“We are hopeful that this positive outcome will be repeated many, many more times.”

Acushnet Fire Chief Kevin A. Gallagher.”

**HOPE WILL
NOT BE
CANCELLED.**
