

# Community drive for Harbor House Family Shelter

*Collection begins Monday April 7th and goes until Thursday April 17th.*

The SKILLS USA Community Service program would like to invite the community to participate in a drive to collect toiletries, diapers, new sheets, feminine products, shaving products and other personal items to be used at the Harbour House Family Shelter. With the growing rate of family homelessness setting alarming records, the students of the SKILLS USA Community Service Program felt helping an organization like this one locally, would be a great way for the school and SKILLS USA to impact the community.

## **Community Donation Sites:**

- Our Sisters School (Hawthorne street)
- GNB Voc Tech (Main Foyer, 1121 Ashley Boulevard)
