

Celebrate Earth Eve on AHA! Make your own float!

*AHA! Night, Thursday, April 9th 2015 @ 5:00
pm*

Join our Eco-Float Procession! Make your earth day statement and experience the fun! An eco-float is anything that a person or group can wear, roll or carry along the procession route. The only requirements are that your eco-float must not use fossil fuels, it must honor the Earth, and it must be mindful of the 3R's – reduce, reuse and recycle.

Procession details:

The Eco-float procession gathers at 5:00pm at Market Street next to the Library for the crowning of Mother Earth and Father Ocean. Mother Earth and Father Ocean will then lead the procession through the downtown historic district, along Acushnet Avenue and Pleasant Street with a quick stop for review. Procession will then return to Market Street. Please be aware that the procession passes over cobblestone streets, and takes place rain or shine! And be sure to join us after the procession at the Shrink Your Carbon Footprint Fair in the New Bedford Whaling National Historical Park!

Registration is due by Friday April 4th. For more information contact Ashley Nunez at 508-999-8932 or southcoastserver@gmail.com. Please include name, group/organization, number of people participating in your group, float theme, and a brief description of float,
