

Is PTSD affecting your life?

Are you **ONE OF THE PROUD**
who has served *or* is currently serving your country or community?

**HAVE YOU ALSO EXPERIENCED
A TRAUMATIC EVENT**
THAT HAS CAUSED LINGERING EFFECTS LIKE
ANXIETY, INSOMNIA OR NIGHTMARES?

*If so, you may want to **volunteer** for our clinical
research study of an investigational new drug.*

Our research study is for those who have served or are currently
serving in the **ARMED FORCES, LAW ENFORCEMENT**
or as a **MILITARY CONTRACTOR**.

Study participants' information is confidential. Study-drug and study-
related medical care are provided at no cost. Other compensation may
also be available.

******* Attention ARMED FORCES, LAW
ENFORCEMENT and others who have served or are
serving our country or community**

Many who serve their country or community experience traumatic events that have lingering effects, like anxiety, insomnia or nightmares. If this sounds like you, you may want to volunteer

for our clinical research study of an investigational new drug.

Right now, Novex Clinical Research in New Bedford MA is enrolling for this research study. The research study is for those who have served or are currently serving in the ARMED FORCES, LAW ENFORCEMENT or as a MILITARY CONTRACTOR. Study participants' information is confidential.

Study-drug and study-related medical care are provided at no cost. Other compensation may also be available. So if you are affected by trauma-related symptoms, please contact Novex Clinical Research at 508-990-9555. Or visit novexclinical.com to learn more about the research site in your area.
