

Massachusetts State Police seize 3 garbage bags full of marijuana after marked lanes violation

“Last Thursday, a Trooper out of the 88th RTT assigned to SP Concord initiated a traffic stop for a marked lanes violation as well as a plate cover violation.

During the course of their investigation, a large trash bag of vacuum-sealed marijuana was discovered. As the investigation continued three more full trash bags were found.

In total, forty vacuum-sealed bags were found as well as dispensary-type packages used for distribution. The Association commends the hard work of our recently graduated member as well as all Troopers assigned to A3.”-State Police Association of Massachusetts.
