

Massachusetts State Police welcomes hundreds of applicants to MSP academy

“Over the past several weeks The Massachusetts State Police have welcomed hundreds of applicants to the MSP academy in New Braintree to be considered for the upcoming 87th Recruit Training Troop.

Applicants have had personal documentation submitted, background checks conducted, had samples of their fingerprints taken, and run a 1½ mile fitness qualification while at the academy.

The winter weather in New Braintree has not been the most accommodating, but thanks to the hard work of the Academy Staff the application process, and the snowy fitness runs have established a large list of qualified candidates.” - Massachusetts State Police.
