

New Bedford Police Department commends officer for representing the spirit of community policing

"Kudos to Officer Sasha Vicente for demonstrating the NBPD values and representing the spirit of community policing to which we are committed!

"I would like to send a huge thank you to Officer Sasha Vicente who responded to my car accident Thursday Oct 1 at 4:30ish Park Ave & Church St. I was the driver of the Chevy and she went above and beyond to help me. I truly appreciate how kind and helpful she was. You truly are a blessing to our community and our police department. My God bless you and protect you always, especially while on duty. Thank you again.

Again I cannot express my gratitude. She completely loaded up my car with the bumper and other parts, checked my brakes to make sure they still functioned properly she even stayed and walked around to help look for the other driver's keys! Her kindness, her tone of voice with us, the compassion she showed us to something so minor I'm sure in her eyes, but scary for us. It was such a relief and just made an icky situation just so much more bearable. Again, I'm truly thankful.

I truly appreciate how kind and helpful she was. You are all truly are a blessing to our community. My God bless you and protect you always, especially while on duty. Thank you again."
