

City of New Bedford repainting crosswalks, installing drainage, setting granite curbs

“There’s been a lot of roadwork around the City lately as the warmer weather settles in.

Recently, teams have been repainting crosswalks on Nina Street, installing new drainage utilities on Elm Street, and setting granite curb on West Rodney French Boulevard.

That’s just a sampling of road repairs and upgrades around the City.

We update the list on our website every week so residents and visitors can see where and when work is happening.”-City of New Bedford.
