Come see Alice in Wonderland starting April 23rd!

ONE Theater Group, Inc. is proud to announce its upcoming production of Alice in Wonderland. All proceeds from the show will benefit Community Autism Resources – a local service agency that assists families and professionals to meet the needs of children and persons living with autism in Southeastern, MA.

A new theater group to the SouthCoast, ONE Theater Group's mission is to combine the performing arts with philanthropy. The group produces two shows annually, selecting a different charity or organization as each show's benefactor. Ashley Bendiksen, Producer of ONE Theater Group, says that Community Autism Resources was selected as this show's benefactor after

receiving an overwhelming amount of nominations for the agency from the public. "The decision to select Community Autism Resources as our benefactor was an easy one. There are children and families living with autism all around us. While we know that all ages are affected, we really wanted to focus on kids," Bendiksen says. "Tending to the needs of children is a great investment for our future. Community Autism Resources provides incredible support. They help children and families build a strong foundation to defy the odds and succeed."

Barbara Domingue, Executive Director of Community Autism Resources, says, "The Board of Directors and Staff of Community Autism Resources were surprised and deeply honored by the news that One Theater Group would be donating proceeds from their production "Alice in Wonderland" to our agency!" She adds, "We admire the work they do and are grateful to them for their enthusiastic support which will assist us to continue our mission to assist those on the autism spectrum and their families, in our community. There is no way to fully express our gratitude."
