

Potter School kids hold “Souper Bowl” to benefit C.O.A.

Well done Potter School!

Congratulations are in order for Potter School kids who made a tremendous effort to make a difference in their community. In honor of the Super Bowl, they held a “Souper Bowl” of their own. Kids collected non-perishable food items to benefit the folks at the Dartmouth Council on Aging.

In the Souper Bowl, each of the 20 classes went head-to-head in a friendly competition to see who could bring in the most cans of food. A 3rd grade class won with a total of 203 cans and the entire school won with a whopping contribution of 1,778 cans to the Dartmouth Council on Aging’s food bank!

The kids, teachers, and parents deserve a pat on the back for a superlative job well done!
