

# Seamen's Bethel Monday Tours

Have you ever wondered what the Seamen's Bethel really is? Have you wondered why it was built to begin with? The Port Society, in conjunction with New Bedford Whaling National Historical Park, is proud to announce special Seamen's Bethel tours each Monday afternoon.

The tours start at New Bedford Whaling National Historical Park visitor center, 33 William Street, downtown New Bedford, where, beginning promptly at 1:00pm, a Port Society volunteer will offer a guided tour of this historic and much-photographed New Bedford building. No tickets are required, and admission is free.
